EXPERIENCE

Correla UX/UI Designer & Developer

Oct 2020 - Present

- Designed interfaces for multiple greenfield products and seen them through from lofi design prototypes to use in customer environments.
- Hosted frequent design demos with stakeholders to gain valuable feedback and iterate on design prototypes.

XOServe UX/UI Consultant (Contract)

Jun 2020 - Oct 2020

- Provided proposals & enhancements to all UX aspects of existing and new products with innovative solutions for displaying complex data.
- Worked with wider UI/UX teams to align and enhance standards.

JB Design Freelance Web Designer

Jun 2017 - Aug 2021

- Carefully analysed business needs and their market to propose and implement the best strategy in terms of web presence and branding.
- My clients include London's Portobello Road Market, one of Malia's largest event promoters & a company that recycles chewing gum.

3M Frontend Web Developer

Apr 2016 - Jun 2020

- Championed the UI design for a new web-based healthcare management application and produced a pixel perfect mockup.
- Collaborated as part of an agile team, but also worked as the sole web developer on multiple projects.

BAWK Design Ltd Designer & Frontend Developer

Apr 2015 - Apr 2016

- Worked as half of a two man team on digital & physical projects for clients including Kodak, JCB & Aston Villa FC.
- Designed and developed full business websites, brands and collateral.
